Yanzi – nominated for a Guldmobil (The Golden Mobile)

Yanzi was today nominated for a Guldmobil in the category “The Internet of Things Platform of the Year”. In this category companies are nominated for having an Internet of Things platform that during the year has shown growth and/or has unique features that gives their customers competitive advantages. The nomination for Yanzi is “A Plug & Play Platform for easier connection within Internet of Things”. The awards are presented on the Swedish Mobile Awards on Nov 6.
